

# *Pleasant Lake Management District*

v.

# *Wisconsin DNR and Richfield Dairy*

**PLMD is fighting to Keep Wisconsin's Water Clean and  
in  
Our Lakes and Streams**

**PLMD and Wisconsin need your help!**

## **Pleasant Lake Management District in court with the DNR once more. The issues are:**

1. Wisconsin DNR's failure to uphold and enforce Judge Boldt's September, 2014 court order limiting the number of animal units to be housed at the Richfield CAFO.
2. Whether the groundwater monitoring required by the Richfield CAFO WPDES permit is sufficient to protect groundwater and drinking water supplies in the area.
3. Whether the Richfield CAFO can be eligible for a nitrate alternative concentration limit (ACL). If awarded an ACL, the Richfield CAFO would be able to add nitrates to the groundwater beyond the 10 mg/liter limit – the Wisconsin and federal standard for safe drinking water.

<b>To Provide a Tax-deductible Contribution to aid the Fight for Clean Water</b>	
Send a check to:  <b>Pleasant Lake Management District Legal Fund P.O. 230 Coloma, Wisconsin</b>	Visit the PLMD web page <a href="http://www.mypleasantlake.org/">http://www.mypleasantlake.org/</a>  You will find the donate button on the lower left side of the home page.  

**THANKS !!**
